

Bank-to-Bank Transfer Setup Guide

1. Login to Online Banking and select 'Bank-to-Bank Transfers' from the main menu.

2. Review the enrollment introduction and click 'Enroll'.

3. Review Cashmere Valley Bank's Bank-to-Bank Transfer Service Agreement, if you agree, check the 'I Agree' box and click 'Accept'. You will automatically be taken to the 'Add Account' window.

4. In the Account Name field, create a recognizable title for your non-Cashmere Valley Bank account which will be used to identify this account when setting up a transfer.

5. Enter the Name, 9-digit Routing Number and your Account Number with the Financial Institution where your external account is held. Specify whether the external account is a checking or savings account with the drop down menu and click 'Submit'. Repeat this step to link additional accounts.

Note: The process of linking your accounts may take a few days because it requires verification and approval.

6. Review the enrollment information and click 'Return'.
7. After enrolling your accounts, you need to verify the account ownership of your non-Cashmere Valley Bank account(s). You will receive a few penny transactions deposited into your enrolled external account(s). Once you have the penny transaction amounts, login to your Cashmere Valley Bank Online Banking.
8. Select 'Bank-to-Bank Transfers' and click on 'Enrolled Accounts'.
9. Enter the two verification amounts in the fields provided and click 'Submit'. The status will change from 'Pending' to 'Verified' when Cashmere Valley Bank has verified the account; you can then begin transferring funds to and from this account.
